FILED  
MAY 15 2006  
Phil Lombardi, Clerk  
U.S. DISTRICT COURT

Dear Sirs:

We just received your information (with no return address or phone number listed) dated may 3, 2006, case number 05-CV-0329-TCK-SAJ ALAIS THIRD PARTY SUMMONS IN A CIVIL ACTION between plaintiff STATE OF OKLAHOMA, ex rel., et al. V DEFENDENT AND THIRD PARTY PLAINTIFFS, TYSON FOODS, IND. et al.

I have called lawyers for both parties explaining that we sold the property designated as Baron Fork Creek Camp that is involved in the civil suit as a third party, over two years ago. We had the camp for several years and spent much money and time cleaning up the creek and area but now have no connections with the property nor live on Baron Creek. Because of the carelessness and irresponsible nature of the Defendants and their lawyers to check names and abstracts they have made a gross error and refuse to acknowledge their mistake. They also have my wife Eurma listed as the single (only) third party plaintiff involved. All our property and business dealings are in both our names (Noel J. and Eurma L. White) Eurma is a totally handicapped person that is also unable (illiterate) to receive mail or handle any responsible business dealings. The Defendant has refused to deal with me (her husband of 62 years) in this case and list Eurma as the only third party plaintiff. The Defendants actions and accusations are grossly unfair and totally unreal. We have never polluted the water or ground but only beautified and purified it (as the whole community can confirm) when we were the owners and now are the victims of their selfish criminal actions. We have no connections to the property or the problem listed in the summons. This matter has caused us tremendous stress and unhealthy discomforts for actions we are totally innocent off. As older, retired and handicapped senior citizens we are asking your help to disallow and immediately void the lying accusations and troubles brought against us by these self righteous, unscrupulous, evil people. They didn't even have the intellect or knowledge to get our names, addresses or property descriptions correct. They must be real tough people to attempt pull their evil dealings on a 74 year old totally handicapped women. I call this cowardice of the worst kind. If they are man enough, I challenge them to contact me instead of my wife.

I am sending copies of this letter to my lawyers and both the plaintiff and defendants lawyers and will be making a trip to Fayetteville Ark. to personally see the owners of the defendants. I know some of these people and don't really believe they would intentionally stoop so low.

Sincerely,

 Eurma L White  
Noel J. and Eurma L White
